Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Bowdoin Orient, Vol. 11 A reorganization of the Course of Instruction has recently been made, in which the distinction between Classical and Scientific Courses is not maintained, but all academic undergraduates are placed on one footing, with the opportunity of following, to a considerable extent, such lines of study as they prefer. All students entering the College proper, are examined on the same course of preparatory studies. After the second year a liberal range of electives is offered, within which a student may follow his choice to the extent of one-quarter of the whole amount pursued. The so-called scientific studies, formerly treated as a distinct course, are still, for the most part, retained either in the required or elective lists. More place is also given to the Modern Languages than they have hitherto had. The degree of Bachelor of Arts is given to all who complete the Academic Course. The Engineering Department remains as heretofore, and facilities are offered for study of the various branches of this science. The means of theoretical instruction are ample, and the town of Brunswick being one of the principal railroad centres in the State, and in the immediate vicinity of many important public works, affords excellent opportunities for the study of actual structures. The College also enjoys many favors from the United States Coast Survey Office. The admission is the same as to the Academic Department, omitting the Greek, except that a full equivalent in French will be taken, if desired, in the place of Latin. Those who complete satisfactorily the four years course in engineering will receive the Degree of Sc. B. Those who complete a two years course...
