Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Health Bulletin Of course, concern for the health of the people is nothing new for us. North Carolina pioneered in the Better Health Movement during the 1940 s and has never ceased its efforts to improve services. Under the leadership of the State Board of Health, an excellent system of local public health services has been developed. During this biennium a total of \$800,000 was made available in State aid to local health departments. At the State level new programs are being implemented which will insure quality care in the transportation of the sick and injured and in genetic counselling. Existing programs for the control of salt marsh mosquitoes, for the inspection of food and lodging establishments and for the dental care program were strengthened. The fine system of local hospitals is a credit to many people who worked on the local, State and Federal levels under the coordination of the North Caroline Medical Care Commission. North Carolina now ranks 12th from the top among States in the number of hospitals and 15th in the number of hospital beds constructed and 3rd in the number of Public Health Centers developed under the cooperative financing program. North Carolina has at Chapel Hill the only State-supported medical center in the South, with major professional schools for medicine, dentistry, nursing, public and pharmacy.
