All communications to the Experiment Station should be addressed to THE MONTANA EXPERIMENT STATION, Bozeman Montana Helena Great Falls Missoula Billings Bozeman Helena Dillon Butte Libbv Bozeman Bozeman Bozeman Bozeman Montana State Grain Laboratory ruary, March, and April were the months when the greatest number of samples were received both years. This report presents a statement of the work carried on by the Montana Grain Laboratory, located at the Montana Agricultural Experiment Station, Liozeman, during the year ending September 30, 191 o. This laboratory was established by an act of the State Legislature of 193. Its purpose is to study the milling and baking qualities of Montana wheats and to make germination and purity determinations of seed samples sent in by growers and dealers. THE YEAR S WORK The year s activities in this laboratory may be briefly summar ized as follows:...
