SIMON SCHUSTER, United States, 2008. Paperback. Book Condition: New. Reprint. 212 x 138 mm. Language: English . Brand New Book. Drawing on the findings of leading scientists from around the world, The Intention Experiment demonstrates that thought is a thing that affects other things. Using cutting-edge research conducted at Princeton, MIT, Stanford, and many other prestigious universities and laboratories, The Intention Experiment reveals that the universe is connected by a vast quantum energy field. Thought generates its own palpable energy, which you can use to improve your life and, when harnessed together with an interconnected group, to change the world. In The Intention Experiment, internationally bestselling author Lynne McTaggart takes you on a gripping, mind-blowing journey to the furthest reaches of consciousness. As she narrates the exciting developments in the science of intention, she also profiles the colorful scientists and renowned pioneers who study the effects of focused group intention on scientifically quantifiable targets -- animal, plant, and human. McTaggart offers a practical program to get in touch with your own thoughts, to increase the activity and strength of your intentions, and to begin achieving real change in your life. You are then invited to participate in an unprecedented experiment: Using The Intention Experiment website to coordinate your involvement and track results, you and other participants around the world will focus your power of intention on specific targets, giving you the opportunity to become a part of scientific history. A new Afterword by the author recounts the successes of the several Intention Experiments so far. The Intention Experiment forces you to rethink what it is to be human. It proves that we re connected to everyone and everything -- and that discovery demands that we pay better attention to our thoughts, intentions, and actions. Here s how you can.
