Pursuant to a congressional request, GAO reviewed the Administration on Aging (AoA) National Eldercare Campaign, focusing on: (1) AoA progress in implementing the Campaign; and (2) how the Campaign has affected the Aging Network. GAO found that: (1) the National Eldercare Campaigns goals are to build coalitions among eldercare organizations to foster a nationwide commitment to action, raise public awareness and support, and encourage organizations to adopt an eldercare agenda; (2) AoA has spent most of its funds to support various components of the Campaign and a new community outreach effort; (3) AoA has established a number of activities to help participating organizations eldercare efforts; (4) all components of the Campaign are in place and operating nationwide, but state agencies have not developed new coalitions and diversified their locations according to program guidelines; (5) 80 percent of the coalitions have established their expected outreach programs; (6) most coalitions have obtained resources of varying types to support their services and have begun delivering one or more services to the elderly; (7) the Campaign has significantly changed the mission and structure of the Aging Network by adding 200 new coalitions that serve as advocates for the elderly; and (8) the coalitions have begun generating new resources, but it is not known whether they can sustain their funding beyond the Campaigns 3-year commitment.
